As of council meeting, **8 Utilities** have not paid or finished paying their 2025 Member Dues. Many asked that their bill be sent straight to Accounts Payable. Even though invoice says due January 31, possibly that Dept does not know unpaid Utilities are not **in compliance** with WA St RCW19.122.027(4). **Justin made a motion that another 10% past due fee will be added again April 9th to their balance. First of May all unpaid utilities, since they are not following the dig law, will be reported to the WA STATE Safety committee for a Hearing. The motion was seconded and carried.**
